

Custom 2018 clear wall-mounted acrylic tank aquarium

Shapes and sizes can be customized – as compared to materials like glass, acrylic is relatively limiting in terms of the shapes and sizes of aquariums . This is particularly true if you are considering a custom acrylic aquarium manufactured specifically for your aquarium build.

FAQ

1.What is the MOQ?

Our MOQ for furniture is at least 20pcs , of course ,it depends on the design.

We can also accept one sample order to test market. But the price is different as per the quantity.

2.How long will be take for a sample? and for mass production?

The lead time for small products sample such as box or display is 1-3 days.For acrylic furniture , it depends on if it has metal or wooden parts , if no, it will be 7-15 days as per drawing. For mass production ,lead time is about 20-30days.

3.Do you have stock?

No. We do not have stock. Each order will be required a custom production setup by our customers.

4.Do you accept OEM order?

Yes. Of course, we'd like to make as per your design.

If any problems not in the above-mentioned answers,you can contact us directly,we will help you to solve the problem with carefulness and patience.
